

How to Raise Your Vibration and Attract Life's Riches

Author Participation

Hello to all Authors, Website owners and Entrepreneurs. You are here because you want to provide value in peoples lives and to increase your website traffic of potential customers and clients. If that's the case, listen to this three minute presentation that will introduce to you a viral marketing campaign for helping people and increase your customer list.

Hi, my name is Nick Pfennigwerth and I'm founder of Creative Wealth Building and Author of Spiritual Avatar. I've been in the personal transformation business for over 3 years now and one of the burning questions I've come across from various people is, "How do I raise my vibration to attract my desires." Seems like a valid question, especially since more people are aware of the Law of Attraction. That question is exactly what we are going to answer in this free, collaborative eBook. I'm asking for your help to participate in this viral marketing campaign, so your customers understand "How to raise their vibration" and attract whatever they desire.

The eBook is going to be straight training that's going to range from 50 to 80 pages. If it goes over 80 pages, so be it—more value for your customers! It's going to start out with me writing about what raising your vibration means, the law of attraction and vibration and why the reader needs to raise their vibration to attract life's riches. Then, the eBook will flow into different "how-to" articles from participating authors involved.

The topics for "raising your vibration" will be in the areas of *health, money, emotions, physical, relationships, spirituality and general self improvement*. The tentative title for the eBook is, "How to Raise Your Vibration and Attract Life's Riches". I'm open to any and all suggestion for a different title.

So, here is an example of what your article may look like:

Next, you and all the other participants submit your article to me and I compile it into an eBook. After completion, I hand over your own copy of the eBook that you can distribute to anyone, anywhere.

The idea is to get 25-50 participants involved in the creation of this eBook. **To sign-up and participate, please sign-in below** and you'll be added to the list of authors who are contributing. Then, you'll receive updates and reminders about completing the eBook and how to get your copy for distribution. You'll receive a copy of the completed book in PDF format and you'll have full distribution rights to give to anyone.

I'll provide the eBook front cover artwork, some articles of my own and a jpeg thumbnail image of the artwork to place on your website. I will also ensure the content flows nice and smoothly with corrections of any extreme grammatical errors.

Here's where I need your help. I'm asking you to write at least one page (250-750 words) of your highly specialized knowledge and wisdom to go in this eBook for its intended purpose of helping the reader to raise their vibration and attract life's riches.

In return for participating, you'll have your article branded in this eBook with your specific title of the article, name and a link to your book, website, newsletter, product, etc. that best fits the content for your submitted article. At the end of your article, you'll get your own resource box that includes a few lines about you and links to your business, sales page, website, book, etc.

Why Participate?

Why would you want to participate in this campaign? Because it's a great way to viral market your business. Think about it for a second? If we have 50 people participate in this eBook and each of the 50 people have the rights to distribute the eBook to anyone of their subscriber lists, email contacts, etc. Then, for each person that downloads the free eBook copy from you or the other 49 people participating gets your business and product in front of everyone who downloads this eBook.

For example, if I have 10,000 subscribers to one of my newsletters, and 8,000 subscribers download the free eBook copy, then right off the bat your business is exposed to those 8,000 subscribers that downloaded and read the eBook. That's also not counting the 8,000 subscribers that distributed and shared the eBook to their friends and customers. Since the eBook is free, valuable and allowed to be distributed freely, I'm

sure each subscriber will send the eBook to at least one other person. So the exposure could be 16,000 people for half an hour of your time!

Having this free eBook is also beneficial to give away as an incentive to sign-up for your newsletter or as a bonus to a product you're selling. I'm personally using the eBook as an incentive to sign-up for my newsletter, so I can communicate and build relationships with my customers. What will you use the eBook for?
